Introduction

by

The Rev. W. GRAHAM SCROGGIE, D.D. (*Edin.*)

THIS is not just another ordinary Bible Concordance, for with such works we are well supplied, including Cruden's, Young's and Strong's. *The Topical Bible Concordance* omits the most of what they supply, and supplies, by reason of its form, what they do not. The standard concordances do not present subjects, but only the occurrences of words, but in this book words are classified in subjects, so that the preacher and teacher may have ready access to what the Bible says on some 313 themes which he may wish to use.

The difference between Scripture and theology is one of arrangement. Scripture supplies theology with its materials, and theology collects, classifies, and correlates them. A florist will supply you with many kinds of seed, but it is for you so to arrange the seeds in your soil as to make beds of flowers. All that we need to know about God, Christ, the Holy Spirit, Man, Sin, Salvation, and many another theme is in the Bible, but the doctrines of these subjects can be known only by the mobilizing and systematizing of them, for God will not do for us what He has given us the power to do for ourselves.

The subjects in this book are set out in alphabetical order. There is a list of these topics given in the back of the book. He who will carefully study these subjects with an open Bible will find himself personally enriched, and better equipped to lead others into the truth. Of course this publication is very far from being complete, but it is a most useful addition to the busy worker's library. It has long been out of print, and so its reissue should be widely welcomed, and its portable form is an additional advantage.

Editor's Preface

THE plan of this book is to provide topical outlines of a variety of major themes for the guidance of students and workers engaged in Christian service at home and in all parts of the world.

The study of the Bible topically is one of the most interesting and perhaps one of the most fruitful methods. The value of these outlines to the busy Christian worker and missionary overseas is incalculable.

The outlines provide the basic material for specific subjects or for a series of studies under such subjects as The Gospel, The Holy Spirit, Christian Life and Service—and a host of other matters. The value of *The Topical Bible Concordance* to Christian workers cannot be overstressed, providing as it does a balanced framework, skilfully prepared by master builders of the Christian faith.

In many foreign countries, nationals are often without either a concordance or a Bible containing references, and here is a compilation of vital subjects which cannot but give direction and inspiration and provide sure foundations for a healthy and useful Christian up-building.

The original MSS. of this volume made its appearance over one hundred years ago, dispensing blessing and giving spiritual direction to multitudes. This up-to-date issue, slightly revised and edited to meet present-day requirements, is sent forth with the prayer, that under God it may fulfil its mission of goodwill and sound teaching to the Christians of this generation.
